**SUSTAINABILITY**  
Created Butte Mountain Resort employees and community are committed to sustaining the region's environmental, cultural, and economic health. We encourage visitors to support this effort through recycling, conserving electricity and water, and using our free transit system.

**STAY ON THE DESIGNATED TRAILS**  
While enjoying the trails, please avoid damaging our precious natural and cultural resources. When you stay on the marked trails, you help preserve these beautiful areas for future generations to appreciate. Understanding how our actions impact the land can help us reach that goal.

**ENVIRONMENT**  
Please leave wildflowers for others to enjoy. Give our extremely fragile ecosystems the opportunity to thrive.

**WILDLIFE**  
Please be aware that many wild animals share the mountain with us. Wildlife may be encountered anywhere, at any time, including in developed areas. PLEASE DO NOT FEED WILDLIFE.

**IMPORTANT INFORMATION - BE PREPARED:**

**LIGHTNING AND THUNDERSTORMS**

Summer storms are frequently accompanied by lightning. If you get caught in an electrical storm, head for the base area or the top of either the Silver Queen or Red Lady Express lifts, whichever is closer. You may also take shelter in the Upper Patrol Headquarters located at the redstone below the top of the Silver Queen Express Lift. Lifts will shut down if there is electricity in a summer storm. If you cannot make it to shelter, follow these rules:  
 \* Stop riding and moderate yourself from your bike.  
 \* Stay away from water, streams, small ponds and large mud puddles.  
 \* Avoid the highest ground or the highest object in an area.  
 \* Avoid hilltops, open spaces, wire fences, power lines and chairlifts.

**ON-MOUNTAIN TRAFFIC**

On mountain maintenance and improvements are a common occurrence during the summer months. Vehicles and work crews may be encountered anywhere, at any time on the mountain. For your own safety, stay on designated trails. PLEASE USE CAUTION!

**WARNING**

Mountain biking and hiking are outdoor sports that challenge the human spirit. While efforts have been made to provide for your biking pleasure, you are in a mountain environment that requires alertness, common sense, and caution. Changing weather conditions, variations or steepness of terrain, natural and man-made obstacles, and other dangers or conditions that may be encountered are inherent risks that are part of the challenges of biking and hiking. You must ride and hike within your own ability. You are using the premises at your own risk. Biking and hiking are potentially dangerous. Helmets are required for lift accessed biking, and are recommended at all times while riding. If you become lost, you may be held responsible for the cost of search and rescue. Anyone who is under the influence of alcohol or drugs may be prohibited from the use of the premises.
